

THAW'S DEFENSE HAS RESTED
AND ARGUMENTS COMMENCE

Justice Fitzgerald Sustains the Report of the Lunacy Commission and Ordered Case to Proceed

NO MORE TESTIMONY WILL BE TAKEN

Delmas' Announcement of the End of Defendant's Testimony Came as a Surprise—Jury Will be Kept Together from Now On.

(Bulletin)
New York, April 8.—Attorney Delmas began his argument to the jury in behalf of Harry Thaw at 2:00 this afternoon.
New York, April 8.—Shortly before the jurors were brought into court this morning for the resumption of the Thaw trial, District Attorney Jerome made a formal appeal to the court asking the justice not to confirm the report of the insanity commission which found Thaw sane. "In view of the finding of the lunacy commission, I can only accept it," said Justice Fitzgerald. The trial will resume.
The jurors were brought in and the trial was resumed.
Dr. Hamilton was called to the stand, but objections from Jerome to Delmas' line of questioning were sustained by the court, and the efforts of the defense to have the alienist say he considered Thaw insane at the

UNION MUST PAY
STRIKE BENEFITS

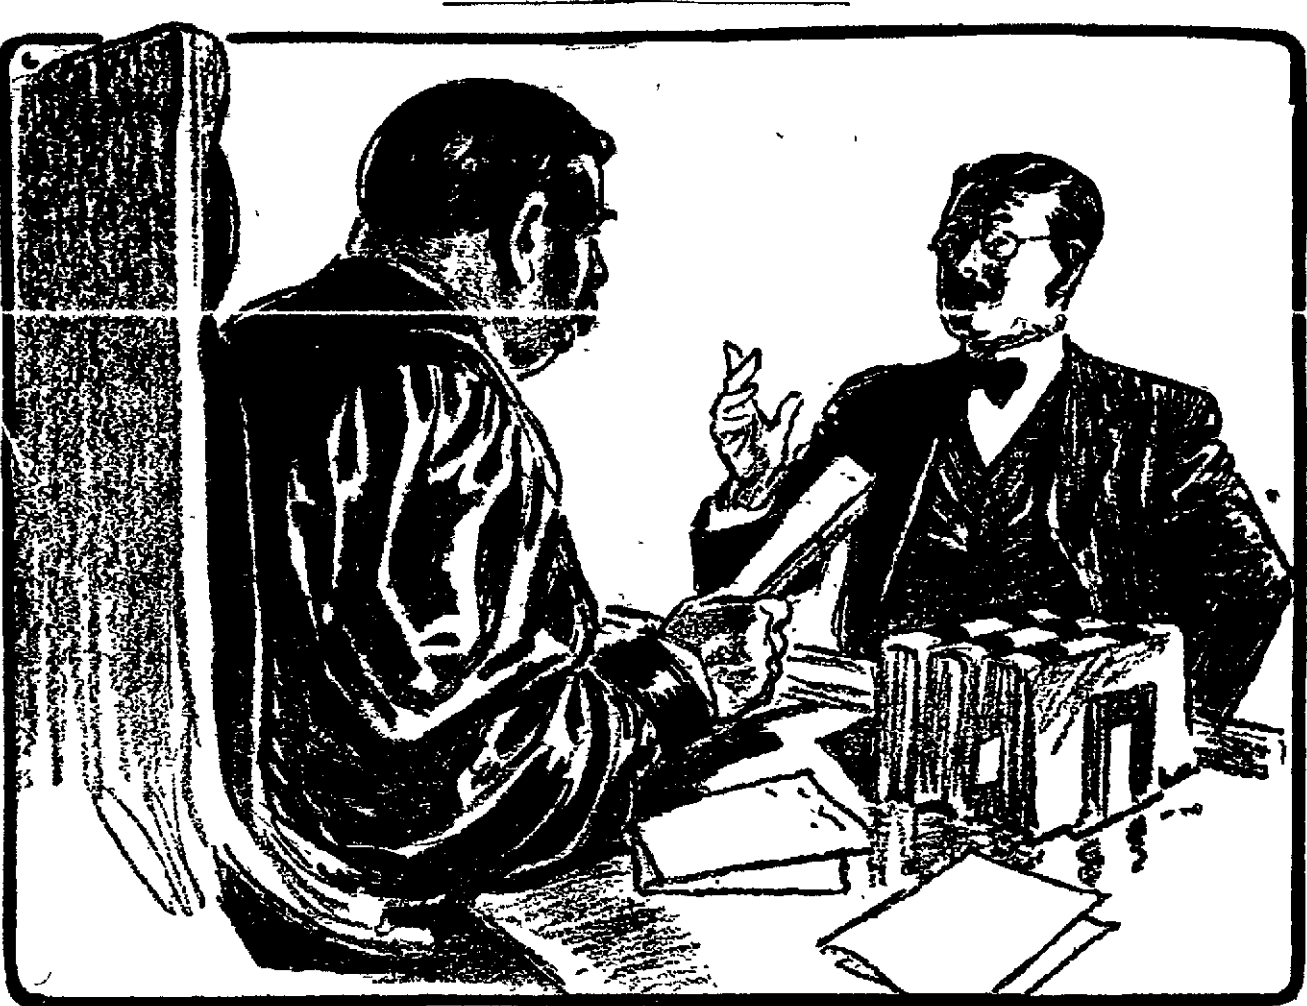

Lorain, O., April 8.—There was no serious disturbance during the day in connection with strike of employees of the American Shipbuilding company. Company B, Fifth infantry, is still under arms at the Lorain armory. Mayor King said that he did not know whether it would be several days or months before he would feel safe in letting the soldiers disperse. The mayor says he is determined to preserve order. Two carloads of strikebreakers for the shipyards are due today. Every indication points to the continuance of the strike so far as the shipbuilding company is concerned.
Overtures for peace and arbitration are about to be made. Representatives of the state arbitration commission and different factions of the strikers will talk over the situation with a view to an immediate settlement. Joseph Bishop of Columbus, secretary of the state arbitration board, arrived in the city and had a conference with Mayor King, in which the situation was outlined. Mr. Bishop said that it was his purpose to exert efforts to bring the men and the company together. Mr. Bishop had conferences with a number of the principal strikers.

Desired to See Mother.
Columbus, O., April 8.—The desire to see his mother was responsible for the capture of Edward Loviner, who deserted from the Seventeenth United States infantry when that regiment was stationed at San Fernando, P. I. He was taken to the barracks and there his record was looked up by Lieutenant Colonel Glenn. He was placed in the guardhouse, where he will be held pending instructions from the war department.

Boy Crushed to Death.
Columbus, O., April 8.—A severe storm which swept Columbus and vicinity did considerable damage to property and resulted in one fatality. Four boys sought refuge in a shed at the plant of the Columbus Leather company when the storm broke, and the shed collapsed. The boys were caught in the wreckage, but all extricated themselves with slight injuries except Daniel Carroll, 14, who was killed.

Not to Be Found.
Youngstown, O., April 8.—Tony Marinella, who shot and killed P. A. Itzell, the superintendent of the Mahoning Water company's plant, was indicted by the grand jury. Marinella is still at large and reports have been received that he has been located at various places in this vicinity.
The fewest deaths occur in the hour following meridian and midnight.

DISTRICT ATTORNEY RECEIVES REPORT ON THAW'S SANITY.

JUDGE FITZGERALD HANDING A COPY OF THE COMMISSION'S VERDICT TO MR. JEROME.

MAYOR DUNNE

WILL NOT BE FORCIBLY OUSTED FROM MAYORALTY OF THE WINDY CITY.

Frederick A. Busse Says He Will Not Go to the City Hall Until April 15.

Chicago, April 8.—I have no present idea of taking office until April 15. I do not expect to go to the city hall any day this week. I do expect to go there April 15. This announcement, made by Mayor-elect Fred A. Busse, gave practical assurance that Chicago would not be the scene of a dual municipal government and attendant complications, which it was feared might follow the swearing in of Mr. Busse as mayor last Saturday. Mayor Dunne is not to be forcibly ousted.

GOVERNOR DENEEN
WILL START PROBE

Into Harriman's Railroad Deals as Affecting the State of Illinois

Springfield, Ill., April 8.—That Governor Deneen is planning to second the efforts of President Roosevelt in investigating the manipulations of railroads by E. H. Harriman and other railroad managers, is evidenced in an opinion handed to Governor Deneen by Attorney General Stead. The opinion treats of the manipulation of the Chicago & Alton properties within the last few years by Harriman and some of his financial associates, including G. J. Gould, James Stillman and Mortimer L. Schiff. Stead concludes there is not the least doubt that a civil remedy exists against the "financiers who have wrecked this prosperous railroad company and, at the expense of innocent stockholders and bondholders, have gathered to themselves a harvest of millions of dollars."

Ten Thousand Quit.
Shuya, Russia April 5.—Ten thousand factory hands have quit work and demanded the release of the noted revolutionist Arzenius, whom the police have arrested.

Failure of Webster F. Putnam & Co., bankers and brokers of Boston, was announced on the stock exchange.

Ten workmen were shot and killed by strikers in the factory district of Lody, Poland, because they attempted to resume work.

SENATOR HEYBURN
IS IMPROVING

Idaho Statesman Suffered an Attack of Acute Indigestion While in Philadelphia.

Philadelphia, April 8.—The condition of United States Senator W. B. Heyburn of Idaho, who was taken suddenly ill, is much improved. Senator Heyburn suffered from an attack of acute indigestion.
Mr. Addison C. Smith, a brother of Mrs. George Starrett of West Church street, is secretary to Senator Heyburn but is now in Boise City. He will not go east.

MR. CARNEGIE GIVES
OVER \$15,000 TO
DENISON UNIVERSITY

Granville, O., April 8.—President Hunt has been notified that Andrew Carnegie has agreed to pay half of the additional expense incurred in replacing the equipment of Barney Science Hall over and above the amount donated by Mr. E. J. Barney. Mr. Carnegie's gift will amount to about \$15,000.

PLANS ENLARGED FOR
PEACE CONFERENCE

New York, April 8.—Final arrangements were made for conducting the national arbitration and peace congress, which will open in this city next Sunday. So great, it is stated, has become the demand for accommodations by thousands of delegates from all over this country and abroad, that a considerable enlargement of the original plans has become necessary. Secretary Ely of the congress announced that two great gatherings in addition to the 10 regular sessions will be held, and that special provisions have been made for overflow meetings outside at every gathering of the congress.

Suffers Relapse.
Willemstad, Curacao, April 8.—Private advices received from Venezuela say that President Castro has suffered a relapse.

Senators Cullom and Hopkins recommended to the president the appointment of Daniel A. Campbell to be postmaster at Chicago.

GENERAL COXEY

IS PLANNING ANOTHER CRUSADE WHICH WILL BE NATIONAL IN ITS SCOPE.

Has Been Busy For the Last Two Years in Retrieving His Lost Fortune.

New York, April 8.—Jacob Slether Coxe, of the Coxe army of 1894, is planning another national crusade. Since he went through bankruptcy two years ago, following the failure of the steel mill which he had built at his home in Mt. Vernon, O., he has been engaged in retrieving his fortune. Mr. Coxe was in New York several days ago, and said: "I am preparing to take up my campaign of education where I was forced to leave it several years ago. I shall conduct this campaign on new and original lines, and in a way that will attract the attention of the nation. I will travel with an entire train of cars and a tent capable of seating many thousands. This country is becoming ripe for just such a great movement."

STEVENS WAS GIVEN
A SPLENDID SEND OFF

In Speech He Said He Believed Panama Canal Would Be Completed in 1915.

Colon, April 8.—John F. Stevens, former chief engineer of the Panama canal, was given a splendid send-off previous to his departure for the United States. The reception was held on Pier 11, Cristobal. W. G. Bied, general manager of the Panama railroad, acted as chairman. Mr. Stevens in a speech modestly gave John F. Wallace, whom he superseded as chief engineer, the credit for the organization of the work. He said he firmly believed the canal would be opened in January, 1915. He did not seek the position and was leaving it of his own volition.

NO BATH IN TEN YEARS

Cleveland, O., April 8.—Humane Officer Peole told Police Judge Fiedler that John Aitl hadn't taken a bath in ten years.
"He looks the part," said Fiedler. "I fine him \$100, costs and six months in the workhouse. He'll have a daily bath now for the next two years."
Aitl had been arrested for neglect of minor children.

CLEVELAND SAYS
PENDING LAWS
UNCONSTITUTIONAL

AS COUNSEL FOR INSURANCE COMPANIES HE ATTACKS LEGISLATION

AND SAYS IT IS INVALID

Former President Files a Brief in Relation to Insurance Officials' Salaries.

New York, April 8.—Former President Grover Cleveland, counsel for the association of life insurance presidents, has just submitted to that association a brief in relation to the matter of salaries paid by life insurance companies. The occasion for its presentation is the fact that certain western states have now pending before their respective legislatures bills that would limit the salaries of life insurance officers to \$50,000 a year, while in others the limit is fixed at \$25,000 a year. The brief, it is announced, will be filed with the Wisconsin legislature by Robert Lynn Cox, who will appear as attorney for the association of life insurance presidents, in opposition to the bill providing for compulsory investment of reserve funds in the state, largely increased taxation of premium receipts and other subjects. Mr. Cleveland in his brief contends that the proposed legislation is unconstitutional.

The international policy-holders' committee issued a statement pointing out alleged violations of the insurance code by companies in the recent election of officers and the alleged inefficiency of the department of insurance in conducting the supervision of the election. The statement says in part:

"The international committee has maintained for months in both the Mutual and New York Life canvasses a force of watchers and translators, and every effort has been made to protect the interests of policy-holders who have voted against the old management, but the rulings of the inspectors have been so uniformly against us, and being fully satisfied that it is impossible under the present conditions to secure a fair count of the votes as cast, we withdrew our watchers. From the beginning the companies, with the assistance of the department of insurance, have evaded and nullified in every way possible the law as enacted. The companies filed lists of policy-holders at Albany which contained thousands of incorrect names, with false and misleading addresses, while they gave to agents and canvassers not alone the correct names and addresses, but the policy numbers of the insured." The statement then sets forth in detail the various forms of irregularity charged, and declares that affidavits show it was practiced on a wholesale scale, but these affidavits, the statement asserts, were refused consideration.

The statement further says: "Numerous instances developed where agents had sent in proxies and ballots bearing the names of policy-holders who had been dead for years, while many ballots were cast bearing the names of former policy-holders who had allowed their policies to lapse. The officers of these companies and the department of insurance are responsible for this condition of affairs."

Filipino Student Dead.
Washington, April 8.—Ignacio A. Rosario of Manila, one of the Filipino students who has been receiving an education at the expense of this government, died at a hospital in this city, following an operation. Rosario was 20 years of age and was to have graduated in law from George Washington university this spring.

Firemen Crushed by Falling Wall
New York, April 8.—Fire at an early hour destroyed the power house of the Metropolitan Street Railway company. Seven firemen, including Captain John Ryan, were caught by a falling wall and instantly killed.

WANT TO KNOW
POLICY OF U. S.
TOWARD ISLAND

CUBAN COMMITTEE URGES DEFINITE STATEMENT FROM SECRETARY TAFT

WHO IS NOW AT HAVANA

Prominent Officials of Insular Republic Give Welcome to United States Representative.

Havana, April 8.—After an eventful trip from the isthmus of Panama, Secretary of War Taft and party arrived here on the Mayflower. All members of the party are well. Governor Magoon, accompanied by Brigadier General Barry, commanding the army of pacification; General Rodriguez, commander of the guards; the mayors of Havana, the head of departments and prominent Cuban officials went out in launches to welcome Secretary Taft. The secretary surprised the Cubans greatly by needing no introduction to them and calling a majority of them by name. He refused to discuss politics or his plans in Cuba. Mr. Taft and his party are staying at the palace as the guests of Governor Magoon, who has made special arrangements for their entertainment. They will remain here until Wednesday, when the Mayflower will sail for Porto Rico.

Secretary Taft spent the greater part of the day closeted with Governor Magoon. A committee of Liberals headed by General Garcia Veloz called at the palace and requested an interview with Secretary Taft, but was told that the secretary could not be seen at this time.

Secretary Taft, accompanied by Governor Magoon, later left for Camp Columbia, where they spent two hours. The secretary expressed satisfaction at the way the camp was kept. He also visited Marianao, where General Barry and United States Ministers Morgan reside.

Mr. Taft said he would consider matters closely here and if he thought it wise would make a statement to the press. In requesting a definite statement regarding the future policy of the United States toward Cuba, the Liberal press asks that the promises made by Secretary Taft and Assistant Secretary of State Bacon be kept. The Conservative press, while it has expressed no hope for the immediate withdrawal of the American forces, urges a definite statement from Secretary Taft as to the policy to be pursued.

ARTIST WALCOTT
TO GIVE LECTURE

NEWARK MAN WHO IS A NOTED PORTRAIT PAINTER TO SPEAK IN COLUMBUS.

Unusual Interest Taken in Address to be Delivered Next Friday Evening April 12.

Columbus, April 8.—A lecture of more than unusual interest is that one to be given Friday evening, April 12, at 8 o'clock in the assembly hall of the Y. M. C. A. building, under the auspices of the Columbus Art association, by H. M. Walcott, a noted portrait and genre painter of New York city, now living in Newark. His subject will be "Composition of Pictures." Mrs. Walcott, formerly Miss Belle Havens, is also a talented artist. Mr. Walcott has spent most of his life studying abroad, and has the distinction of never having exhibited in any exhibition that he has not received some prize or honorable mention.

Some of his notable achievements are: Member of the National Academy of Design, member American Art association in Paris, awarded the Clark prize, Society of American Artists, New York, first Hallgarten prize, National Academy of Design, New York; honorable mention, Salon, Paris; honorable mention, Carnegie Institute, Pittsburg; Wanamaker and Clark prizes, Paris; medals Universal Exposition, St. Louis and Pan-American, Buffalo; represented in the collections of H. C. Frick, Samuel J. Shaw, John Wanamaker, Thomas R. Proctor, Richmond Art association (Reid Purchase fund), Erie Art association, etc.

To Call General Strike.
Paris, April 8.—At a meeting of a committee of the allied provisions trade union, comprising butchers, bakers, grocers, etc., it was decided to call a general strike. No date was specified for its commencement, but there is every reason to believe it will be April 11.

TEN YOUNG WOMEN OF NEWARK AND LICKING COUNTY TO BE GUESTS
OF THE ADVOCATE AT GREAT JAMESTOWN EXPOSITION THIS SUMMER

"In the spring the young man's fancy lightly turns to thoughts of love," but in the summertime every body's fancy turns to thoughts of traveling and pleasure tours.
And this summer—above all summers—with the opportunity of taking one of the most delightful trips imaginable, within the reach of every ambitious young woman, it is not surprising that the fancies of every young lady in Newark and Licking county should be centered on the trip planned by the Advocate which this newspaper will give the fortunate winners in this popularity contest which it is offering gratis to its readers and patrons.
The trip arranged by the Advocate in its Jamestown Exposition contest has no precedent for interest, variety and excellent management and it will be even more elaborately planned and equipped than imagination can depict.
Besides a week at the great exposition comes the stop at Washington, the trip by water from Washington to the Jamestown Exposition and a side trip for one of the party and her chaperon to New York. All at no expense, as the Advocate will pay the bill.
Prepare to enroll at once. Complete details of the excursion will soon be announced. It is a contest that cannot be bought or duplicated. The rich have no better chance than any other of not so great moneyed prestige.
All you need is ambition. The trip to the great exposition is yours for the striving. Why not win a place in the party? Ten young women will constitute the Advocate's party. It will be a splendid reward for energy and ambition.
The city and county will be divided into districts and in each district there will be a separate contest. Voting coupons will be printed in each issue of the Advocate during the life of the contest and those entering the race will have an opportunity of increasing their vote by securing new subscribers for the Advocate or by inducing old subscribers to pay in advance.
The Advocate is now arranging some of the important details of the trip and is not quite ready to announce the conditions of the contest, the route to be taken by the party and other particulars of the event.
This much may be said now, however. The Advocate's guests will be given the time of their lives and will see and enjoy the sights of the great exposition and the pleasures of Washington absolutely without expense.
Watch for the details of this great contest to be announced soon and prepare to get busy. Ten young women will be sent. The party will travel in a special Pullman car to Washington, and from the National Capital enjoy an all-day boat ride. Don't you wish to be one of the party?

DEATHS AND FUNERALS

HARRY SLANE.
Harry Slane, aged 18 years, died at the home of his grandparents, Mr. and Mrs. George Johnson, 227 West Church street, Sunday morning at 7 o'clock after an illness of several months from consumption of the lungs. The deceased is survived by his father, Charles Slane, and one brother, George, of this city. The funeral will take place at 1:30 Tuesday afternoon from the house. The services will be conducted by the Rev. T. A. Cosgrove. Interment in Cedar Hill cemetery.

JOHN HILFINGER.
John J. Hilfinger, a well known East Newark young man, died at his home, 200 East Main street, Sunday morning at 7:45. The deceased was aged 31 years, one month and 28 days. There remain the father and mother, two brothers, Bernard of Sandusky, O., William of this city, and one sister, Miss Mary Hilfinger. The funeral will probably be held at the Church of the Blessed Sacrament, Tuesday morning at 9 o'clock.

CHRISTIE WATROSS.
Christie Mercedes Watross, aged 27 days, the daughter of Mr. and Mrs. Manley Watross, residing three miles east of St. Louisville, died Sunday morning at 11:45. The funeral will be held at the home Tuesday at 2 o'clock and interment will be at the Miles chapel.

MRS. NANCY WHITTAKER.
Newark friends early Sunday morning received a message from New Lexington, Perry county, Ohio, announcing the death of Mrs. Nancy Whittaker at the age of about 55 years. Mrs. Whittaker was known to everybody in New Lexington as "Aunt Nancy." The funeral will take place Tuesday afternoon at 12:30.

JOSEPH A. SWISHER.
Mr. William Swisher was called to Kiser, W. Va., the home of his parents, to attend the funeral of his father, Joseph A. Swisher. Mr. Swisher returned to his duties in Mitchell & Miracle's store Monday.

MRS. A. H. AUSTIN.
Granville, April 8.—Mrs. A. H. Austin, mother of Postmaster L. A. Austin, died on Sunday morning at six o'clock at the home of her son after a two weeks' illness of stomach trouble, aged 82 years, three months and 22 days. Mrs. Austin has made her home with her son for the past five years, and was well beloved by a large circle of friends who will be grieved to learn of her death. She leaves but one child, Mr. L. A. Austin.

Short funeral services will be held at the Austin home in Granville, by Dr. Baldwin and Rev. Mr. Demoster, at 12:30 Tuesday, after which the remains will be taken to Kinkersville.

AUTOMOBILE TURNED INTO BATTLESHIP.

This ingenious decoration of an automobile was seen at a recent gymkhana in India. The car which was a Gordon-Sephor, was turned into a perfect model of the M. S. T. ship, and it was a startling picture as it sailed along the road.

There is only one

"Bromo Quinine"

That is

Laxative Bromo Quinine.

Similarly named remedies sometimes deceive. This first and original Coto Tablet is a WHITE PACKAGE with black and red lettering, and bears the signature of

Wm. L. Groves

TRY THIS AT HOME.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:
+ Fluid Extract Dandelion, one-half ounce; Compound Karkoon, one ounce; Compound Syrup Sarsaparilla three ounces. A local druggist advises that these simple Vegetable Ingredients can be obtained at nominal cost from any good prescription pharmacy.
+ his mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and even the worst forms of Rheumatism, which as everyone knows, is produced by excessive uric acid and other poisonous waste matter which the Kidneys fail to sift and strain from the blood.
+ Every man or woman here who feels that the Kidneys are not strong or acting in a healthy manner, should mix this prescription at home and give it a trial.

where short services will be held at the Baptist church by Rev. Mr. Kite and Rev. F. C. Wright, at 3 o'clock interment in Kinkersville cemetery.

MRS. DORCAS VARNER.
Mrs. Dorcas Varner, aged 75 years, died at the home of her son, Martin, near Black Hard, at 2 a. m. Monday, after a short illness.
The deceased leaves two other sons, William Varner of this city, and Milton Varner, a fireman, also a daughter, Mrs. W. H. Crawford.
The funeral will be held Thursday at the Black Hard M. E. church. Burial south of Black Hard.

MRS. SARAH CHRISTENSEN.
Mrs. Sarah Christensen, born in 1847 in County Tyrone, Ireland, died April 7 at Cincinnati after a brief illness of pneumonia.
The remains will be brought here Monday evening to the residence of her sister, Miss Margaret Kerrigan, 15 Jefferson street. Funeral services will be held at St. Francis de Sales church on Wednesday morning at 9 o'clock. Interment in Mt. Calvary cemetery.

FUNERAL OF JOHN SOMERS.
Charles and Harry Somers of this place, and Fred Somers of Utica, were called to Zanesville on account of the death of their father, Mr. John Somers. The funeral occurred from the Somers residence Saturday morning at 10 o'clock, and the interment was made in Woodlawn cemetery.

Love that is held a luxury before and during the engagement not infrequently dwindles to less than a plain necessity after the hymeneal lute.

DAY'S BUSINESS IN COURT HOUSE

H. K. Lybrand, the motorman on the I. C. & E. Interurban, who was arrested here several days ago and fined \$250 for failing to stop at a crossing when requested to do so by a prospective passenger, has carried the case to the Common Pleas court on a petition in error.

Case Continued.
The case of the State of Ohio vs. Daniel Weaver, charged with unlawful crapping, has been continued in Justice Nash's court.

Will Probated.
The last will and testament of Rudolph Eisert, deceased, of this city has been admitted to probate.

Exceptions to Inventory.
The Probate court heard the testimony in the exceptions filed by Lawrence Rocky and others to the inventory filed by Malissa J. Rocky, administratrix of Wm. Rocky, deceased. The exceptions claimed that a number of articles have not been included in the inventory that should have been included, and they also excepted to the amount set off to the widow by the appraisers for a larger allowance and asked that it be decreased. The widow at the same time claimed that the inventory was correct and that the amount set off for her year's support ought to be increased to \$500.

The court also heard the evidence in the presentation of a claim by Malissa J. Rocky, administratrix, against the estate of William Rocky, deceased. The claim amounted to \$468, which the widow, who is also administratrix of the estate, claimed that she had loaned to her husband during his lifetime. The arguments were to have been made Monday morning, but owing to the death of James Atcherley, brother-in-law of Attorney B. G. Smythe, one of the attorneys in the case, the time for the argument was continued.

Real Estate Transfers.
Friend Bull and wife to Frank H. Adams, real estate in Monroe township, \$6000.

Calvin Piper and wife and others to Jacob S. Fitzwater and Lizzie Fitzwater, real estate in Monroe township \$2260.

Marques W. Davis and Jane E. Davis to Arthur W. Taggart and Daniel L. Mauger, 60 acres in Union township, \$3600.

Frances M. Coffman to Anna Lavin real estate in Newark, \$1 and other considerations.

David W. Wallace and Zoa M. Wallace to Frank P. Householder lot 190 in Knowlton & Alsdorf's addition to Utica, \$1500.

George H. Gore and wife to Jennie R. Claggett, inlot 2580 in Isaiah A. Vlaggett, inlot 2580 in Isaiah Jones' addition to Newark, \$2200.

Mary L. Diehl to Franklin E. Corkwell, southeast corner of lot 41 in Newark, \$4,700.

J. Walden Pratt and wife to A. C. Longshore, 232 and 3-8 acres of land in Monroe township, \$11,727.69.

A. C. Longshore and wife to Frank C. Buck, 50 acres in Monroe township, \$2500.

Homer Rice and wife to Charles J. Freas, 38 acres in Liberty township, \$3325.

Mary D. Simmons and others to Charles J. Freas, 100 acres in Hartford township, \$7,819.

W. N. Simmons and wife to Chas. J. Freas, 10 acres in Hartford township, \$780.

Charles J. Freas and wife to Geo. W. Disbennett, 25 acres in Liberty township, \$1700.

Step by Step You Rise to Success

If you do business through this bank, your interests are looked after carefully and though your deposits may be small it receives the same attention as large ones.

The Licking County Bank & Trust Co

CARD OF THANKS
We desire to extend our heartfelt thanks to the neighbors and friends who assisted so ably in helping to care for our dear wife and mother during her sickness and death; also for the beautiful floral offerings; also to the pastor for his words of comfort, and to the singers for the music C. M. Rickett and son and daughter.

There is many a fashion it is foolish to follow.

In classical study much time is wasted.

Newark, Ohio.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

SELECTING THE PRESENT

Latest book is the most beautiful we ever issued.

Pictures in natural colors of 97 presents for the users of Arbuckles' ARIOSA Coffee. Will be sent free to any one who writes for it.

Do you realize what a great business this Arbuckles' ARIOSA Coffee is? As many as 30,000 letters for presents are received here in a day. In a year we despatched four million individual presents to our customers—presents that brought letters of thanks and appreciation in return.

Here is one from Mrs. De Jamette:

"I appreciate highly the beautiful presents sent me

from you from time to time and will say that your coffee is the leading brand on the market, the purest, best and healthiest coffee ever made. I have been a user of it for 25 years and will want it as long as life lasts. The coffee is worth three times its present market value."

Millions of persons in every part of the country drink no other Coffee, and swell the sales of Arbuckles' ARIOSA until they exceed the combined sales of all the other packaged coffees.

Arbuckles' ARIOSA is the best Coffee for you, saves your money, and gives you presents besides. Speak softly but plainly to your grocer man if he tries to sell you bulk coffee. Tell him you know.

If your grocer won't supply, write to ARBUCKLE BROS., New York City.

Morris street sewer contracts were let to Mr. Kinney. There were several other bidders. The work will be commenced at once.

T. B. Dolan Here.

T. B. Dolan of Benwood, W. Va., spent the day with friends in Newark. He is arranging a sporting event that will be of interest.

F. W. Levering Hurt.

F. W. Levering formerly a Newark newspaper man was bitten by a wolf and nearly lost the index finger of his right hand at Columbus.

Song Recital.

The reservation of seats for the Elsie Hirschberg song recital began at the Y. M. C. A. Monday morning and a number of seats went out. Commencing Tuesday noon seats may be purchased from the Y. M. C. A. directly.

Officer Carried Him.

Patrolman Zergieble has discovered a new means of transferring prisoners from the patrol wagon at the city prison. A cripple, in a wheel chair, limbed too freely. When the wagon reached the prison, Officer Zergieble carried the man in on his back.

Mr. Thompson's New Position.

Mr. John Thompson, who for the past three years has efficiently filled the position of book-keeper for Dr. C. H. Stinson and Dr. A. A. Herrmann, has accepted the position of book-keeper for Styron, Beggs & Co., manufacturing chemists, of this city.

Underwent Operation.

Mrs. Lulu Weaver, wife of Mr. Henry Weaver, a prominent farmer, residing near St. Louisville, underwent an operation at the City Hospital Monday for cystic tumor. The operation was performed by Dr. Sherman Leach of Columbus, assisted by Dr. L. L. Marriott of St. Louisville, and Dr. Hornby of Newark.

Mr. Moore a grandfather.

The wife of Ernest Moore, the prestidigitator, and son of John Moore of the Citizens Building Association, arrived in the city Wednesday, from Chicago, accompanied by the brand new bouncing son. Mr. Moore as a grandfather, wears his honors gracefully, and is all smiles when accepting the congratulations of his friends.

Buckeye Lake Yacht Club.

A meeting of the Buckeye Lake Yacht club, which was to have been held Sunday, turned out rather slim on account of the inclement weather. However, the location of stalls and boat sheds was decided on. Newark members of the club will attend a joint meeting of the board of governors of the club and the board of directors of the Buckeye Lake Building company, which will be held in Columbus tonight.

At Plymouth Church.

The Plymouth Congregational church services both morning and evening, were well attended and the sermons preached by Rev. J. Morrison Thomas of Columbus, were highly appreciated. He is persuasive and logical. In these two sermons he turned the great searchlight of God on the pathway of man, pointing the way to the home of the soul. In the tone of his voice is an established faith and confidence in our Creator. His language were words of conviction for the careless and wayward. With his heart of love he tenderly pointed us the way to our heavenly mansion, now being prepared by the Man of Nazareth. The music by the Hawkins saxophone quintet added greatly to the tone and interest of the evening meeting.

Contract Awarded.

Frank H. Kinney was the low bidder on three sewer contracts let by the Board of Service Saturday. The Andover, Dewey avenue and North

bles. A fine supper was enjoyed and a delightful time was had by all. May all live to enjoy many more such pleasant surprises.

Eleven Pound Boy.

Born, to Mr. and Mrs. Frank Bush of 234 Union street, an 11 pound boy.

Geo. P. Weber Elected.

At the annual congregational meeting of the Presbyterian church at Van Wert, Ohio, last Thursday, Geo. P. Weber, formerly of Newark, was elected an elder. The present membership of the church is 447.

Clean Up the Rubbish.

The litter of old cans, paper, garbage and other rubbish in the alleys and back yards should be cleaned up at once. The health officer is prying around, and it is just as easy to do it now as to do it after you have been notified.

May Engage in Business.

W. E. Ralls is moving his family here from Utica. He has taken a residence on South Lawn avenue. Mr. Ralls formerly conducted a monument works here and expects again to engage in the same business in this city.—Coshocton Times.

Crocker's Horse Show.

Here's the way they do things in Mansfield. An entertainment was given for benefit of the police pension fund. The police sold 1199 tickets, and the pension fund was increased \$428.14. The show received a very different reception in Mansfield from that accorded it in Newark.

Has Fruit Been Killed?

"Did the recent freeze kill all the fruit?" Some say yes, other no, and the majority refuse to answer. Those who say no are relying on the dry atmosphere to carry the buds safely through the cold weather. It is said that in the northern part of the state all the fruit has been killed and the majority of people believe such to be the case in this locality.

Contract Awarded.

Frank H. Kinney was the low bidder on three sewer contracts let by the Board of Service Saturday. The Andover, Dewey avenue and North

Memorial Building, Newark, O. Office open evenings until 8 o'clock.

BLOUSE INSET WITH PALE BLUE MEDALLIONS.

Fine white handkerchief linen was used for the blouse illustrated, the trimming consisting of inset motifs of pale blue linen lawn, outlined by hand embroidery, this embroidery also forming the upper part of the yoke. The collar was in hand-run tucks, with real Valenciennes at the neck seam and at either side of the embroidered band of pale blue at the top. Hand-run tucks were also used down the center front of the blouse and extended from the shoulders, back and front. The short sleeves were trimmed by frills of Valenciennes, and inset pieces of the pale blue lawn and embroidery.

April 7 In History.

1770—William Wordsworth, English poet,
born; died 1850. Wordsworth's genius
was of the Bohemian type. He was
averse to study and discipline, but
fond of idle roving and roaming the
fields and woodlands. His poems were
composed in the open air.
1790—Dr. William Ellery Channing, Unit-
arian and abolition teacher, born at
Newport, R. I.; died 1842.
1836—General Quincy Adams Gilmore, Unit-
arian and abolition teacher, born at
Newport, R. I.; died 1895.
1906—Moroccan convention signed at Alge-
ciras by the delegates to the inter-
national conference. The town of
Bosco Tre-case, on the southern slope
of Mount Vesuvius, buried under lava
and ashes.

April 8 In History.

1732—David Rittenhouse,
eminent American
mathematician and
astronomer, born at
Germantown, Pa.; died
in Philadelphia, 1796.
Rittenhouse began life
as a farm boy and
learned to make clocks
without instruction.
He worked at clock-
making and also turned
out superior math-
ematical and astro-
nomical instruments. Honor and suc-
cess crowned his old age, and as a
philosopher and scientist he was sec-
ond to Franklin alone.
1848—Gaetano Donizetti, composer of
"Lucia di Lammermoor," "Don Pas-
quale," and many other popular operas,
died at Bergamo, Italy.
1865—Richard Grant White, author and
philologist, died in New York city;
born there 1821.
1906—General Kuroki crossed the Yalu
with the advance detachment of the
Japanese army and took up positions
in Manchuria.

Richard Grant White.

THIS AND THAT

Happy thought for the day: A wise
woman's husband never takes his
winter flannels off too soon.

It turns out that a table in the
Pennsylvania Palace of Graft costing
the State \$1472, is actually worth the
sum of \$40. It is said that the table
was paid for by cubic feet measure-
ment, being 8 by 4 by 2 1-2. The
price being \$18.40 per cubic foot.

Newark store windows were never
decorated in the elaborate way of
this year. Newark merchants are
metropolitan in their ideas and the
amount of business transacted here
speaks well for the wisdom of such
work.

If the average man pecked his wife
as carefully as he does his stenog-
rapher, there would be fewer proceed-
ings in the divorce courts.

Well, once again it looked like win-
ter Saturday morning.

Let's get busy on new manufactures
for Newark.

A well known pastor is quoted as
saying: "The clergyman who preaches
endless or material hell is either, I
think, an ignoramus or a man who,
according to his own conscience, is
deceiving his people." Again, "He is
a blasphemer of God and his love."

Woman is like a clock: nice hands,
pretty face, but awfully hard to man-
age when once she's wound up.

This weather is more Marchy than
March itself.

This year weather matters are re-
versed. It has been changed to
March showers and April winds.

Isn't this Ohio boom for Taft a pret-
ty transparent sham since Roosevelt
is running with all his might for a
third term in all the other States?

Harriman doubtless thinks he dare
equal against Roosevelt's alleged
"square deal."

The report that the Czars' mind has
given away may not be true. At least
he is not charged with shooting any-
body.

What right has the President of the
United States to name his successor?
What President other than Roosevelt

Bad Blood

Is responsible for most of the dis-
eases and ailments that afflict hu-
manity. To rid yourself of it take
Hood's Sarsaparilla

Liquid or tablets, 100 Doses \$1.

ever undertook such an assumption?
But after all, isn't Teddy simply work-
ing the third term racket for himself?
His office holders are only booming
Taft in Ohio.

Arbor Day is nearly here. The man
who plants a tree may not be a hero,
but he is a patriot who isn't looking
for a medal.

A man with a bad reputation seems
considerably less likely to love it
than the man with a good name.

Some men who never seem to work
always have about three jobs in view
they intend to accept.

The average girl's ideas of reckless
dissipation is a soda fountain bever-
age that costs more than a dime.

It's doubtless Spring, but it cannot
be called gentle.

Winter may be over, but the kissing
games run right on into spring.

The indications are that Arbor
Day will be pretty generally observed
this year.

A Cleveland woman is asking for
divorce because her husband would
not let her read the newspapers. Good
grounds for action.

RHEUMATISM CANNOT BE CURED UN-
LESS URIC-O IS USED

Sudden Deaths, Heart Failure and
Paralysis Are Caused by Poison-
ous Uric and Rheumatic
Acids

The disease whose cause is shroud-
ed in mystery, the affliction that is
said to be incurable, is commonly
known as paralysis. Show us a per-
son suffering with this disease, and
you will find that at some time pre-
vious to the attack the patient suffered
from some form of Rheumatism. This
dangerous disease should not be ne-
glected, especially where there is a
cure within such easy reach. We re-
fer to Smith's Specific Uric-O, a harm-
less compound, free from alcohol and
poison, and made to cure Rheumatism
only. Uric-O acts with marvelous
swiftness on the blood, muscles and
kidneys, and cannot fail to remove all
traces of poisonous Uric and Rheu-
matic acid from the system. Uric-O
is not a cathartic, does not effect or
distress the stomach, and is the only
known liquid preparation that will re-
lieve and permanently cure Rheuma-
tism in its most distressing forms.
We want all rheumatic sufferers to
test the merits of Uric-O, therefore by
addressing the SMITH DRUG COM-
PANY, SYRACUSE, N. Y., a liberal
size sample and circular will be sent

Uric-O is sold and recommended in
Newark by Frank D. Hall, North Side
Square.

RAILWAY AFFAIRS

Cambridge's New Station.
The B. & O. has awarded the con-
tract for a new passenger station and
freight house, at Cambridge, Ohio, to
Holbert & Spedden, of Fairmont, W.
Va., and the total cost will be about
\$25,000. The passenger station will
be of the standard design adopted by
the railroad, built of pressed brick
with tile roof and be provided with
all the modern conveniences. It will
be used jointly by the B. & O. and
Pennsylvania railroads.
The freight house will be of frame
construction, with slate roof, and for
the exclusive use of the B. & O. rail-
road.

Railway Notes.

Mayor Clarke of Mt. Vernon, has
vetoed the resolution granting a fran-
chise to the interurban road coming
into that city from the north. He
says the franchise is not a desirable
one to the city for several reasons.
Announcement has been made by
General Superintendent M. S. Con-
ners of the Hocking Valley that
work will soon be begun on the new
repair shops which the company pro-
poses to erect at Logan. Orders have
been already given to stake out the
ground for buildings and to prepare
grade for tracks. The final plans of
the company, showing track lay-out,
location of buildings, etc., will be
finished in a few days and sent to Lo-
gan. Draughtsmen are now busy
working upon them.

Concerning the work to be done,
Superintendent Connors said: "We
will have enough to do to keep us
busy for 30 days or more in preparing
grades for tracks and buildings, so
we will not be inconvenienced if the
deed for the property yet to be ac-
quired is not ready sooner. It should
however, be in our hands not later
than the latter part of April."

Improvement work on the B. & O.
contemplates the expenditure of \$6,-
000,000. Enlargement of freight
yards at Brunswick, Md., will cost
\$1,000,000.

It is estimated that the new hours
of labor law will cost the railroads
upwards of \$10,000,000 per annum.
One Western road has figured the
added expense and has found that it
will cost it about \$400,000 annually
in excess of the present schedule.

Seventy babies are born every min-
ute on this globe.

SEARCHLIGHT
DRILLS AT EXPO.

NIGHT IS CHANGED INTO DAY BY
WONDERFUL APPARATUS ON
SHIPBOARD.

Visitors to Jamestown This Summer
Will See Drills on Scale Never
Before Attempted

Poking their long fingers of light
into every corner of Hampton Roads,
and illuminating every detail of
cloudland, search lights will make
night as bright as day during the
Jamestown exposition, which is to
be held near Norfolk, Va., this sum-
mer.

Just across Hampton Roads from
Sewell's Point is Fortress Monroe,
which is equipped with powerful
searchlights, by means of which a
newspaper can be read five miles
away. Every warship at the naval
rendezvous will also have search-
lights, some of which are so power-
ful as to require a special engine to
generate their electricity. Among
the largest of these is that supplied
to new battleship Connecticut. The
lens of this searchlight is more than
five feet across. When the maximum
power is being used the lights have
an intensity of 60,000 candle power,
and its rays can be thrown several
miles.

Searchlights were originally adopt-
ed to find torpedo boats at night.
They are now used for signalling, to
discover a man overboard, to aid na-
vigation, and for many other purposes.
When a man falls overboard from
one of the great ships at sea, the
searchlight is at once trained upon
him, and the ray is held there until
he is picked up by the boats.

In signalling a shutter is attached
to the searchlight. This alternately
interrupts and prolongs or shortens
the period during which the light is
visible. By this means the operator
is able to telegraph 40 miles, using
any telegraph code. In Manila har-
bor during the insurrection, messages
were frequently sent more than 40
miles, by using the clouds as reflect-
ors. This system can be used on
cloudless nights, but the signals can-
not be seen so far. The searchlight
is also used in signalling on the same
principle as wig-wag flags.

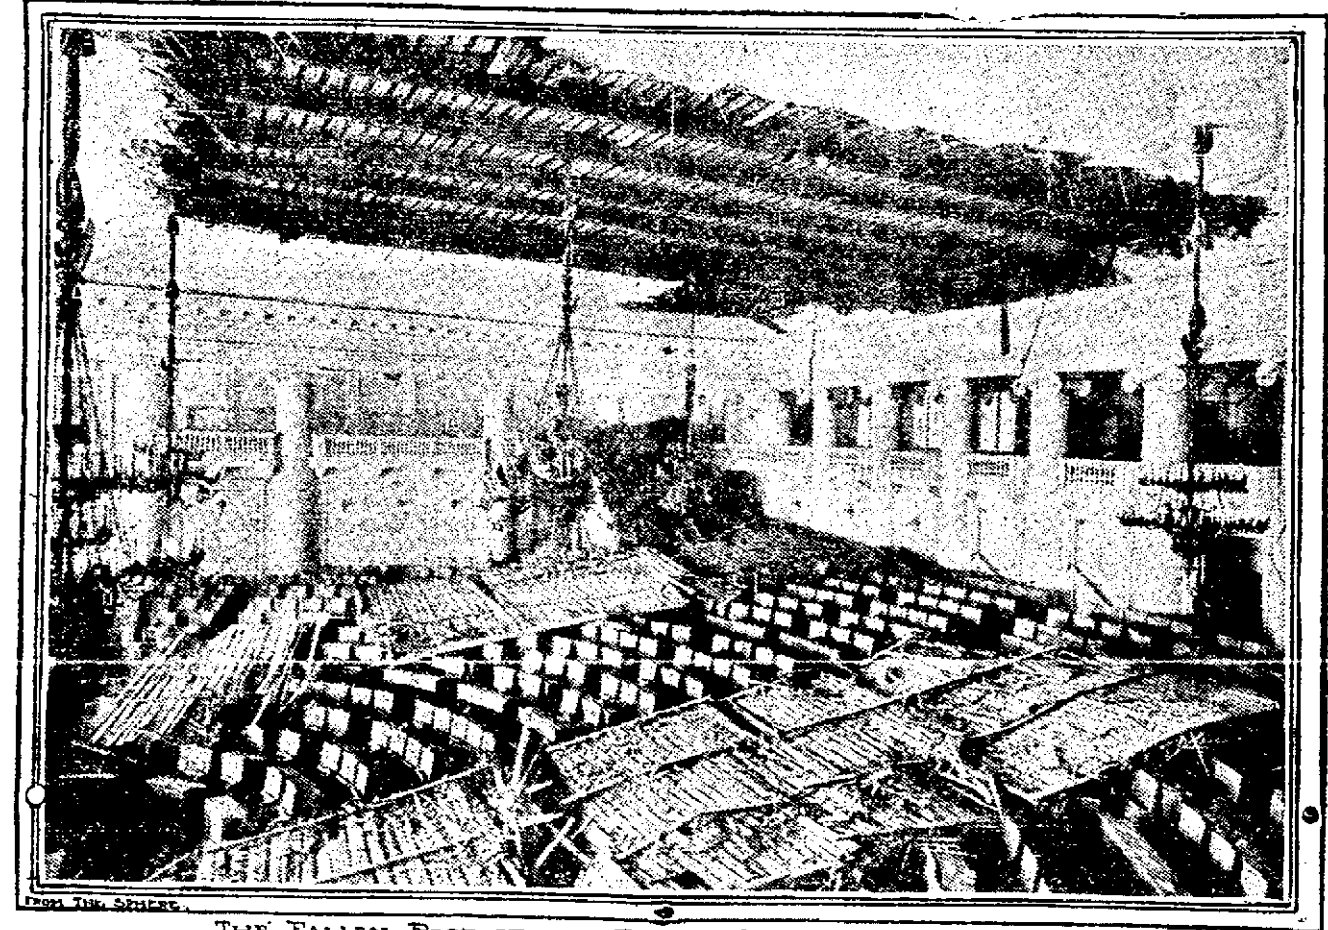

Searchlight drills take place when-
ever a squadron lies in harbor. Steam
launches to represent attacking tor-
pedo boats, are sent out from the ves-
sels with instructions to return under
full speed, each launch striving to get
as close as possible without being dis-
covered. Meantime the searchlights
are so directed as to have their rays
skim every square of water within
the light's range. Sometimes, even
under this severe glare of light, the
boats succeed in reaching their ships.
In actual war this would, of course,
result in the annihilation of the war
vessel.

Visitors to the Jamestown expo-
sition will have an opportunity to see
searchlight drills on a scale never be-
fore attempted.

CHARGES FOR OBITUARIES
AND CARDS OF THANKS.

Readers will kindly take notice
that there is a charge of five cents a
line (six words to the line) for all
obituaries exceeding 15 lines, (90
words). We print all obituaries less
than 15 lines in length free of
charge. Cards of thanks we charge
five cents a line (six words to the
line). The minimum charge for card
of thanks is 25 cents.

HOW DOUMA MEMBERS HAD A NARROW ESCAPE.

From the above illustration it will
be seen that many lives would prob-
ably have been sacrificed had the Douma
been in session at the time the ceiling
collapsed in the night of March 15.
Fortunately, the auditorium was un-
occupied except by two watchmen,
who were in another section of the
palace at the time. The heap of debris
fell upon empty seats and no one was
hurt.
Investigation of the accident dis-
closed that it had apparently been due
to the sudden overheating of the

CONFERENCE
HELD BY ADJUTANT GENERAL
AND PENNSYLVANIA RAILROAD
OFFICIALS.
In Regard to Rates for Conveying
State Troops—Ohio News
Paragraphs.
Columbus, O., April 8. — Adjutant
General Critchfield and representa-
tives of the Pennsylvania Railroad
company had another conference
regard to payment for transportation
of state troops to Jefferson county
during the miners' strike a year ago.
The bill has never been paid because
the railroad company charged for the
service at the rate of 3 cents per mile.
The state has been paying 1 cent per
mile, and it is believed the increase in
charge is due to the enactment of the
two-cent railway fare law. The rail-
road company claims that the addi-
tional charge is made for the reason
that the troops were transported on a
special and not a regular train.
Smart Indicted.
Dayton, O., April 8.—The grand jury
returned an indictment against
George M. Smart, former secretary of
of the Dayton Gas Light and Coke
company, on 19 counts. The disclosure
involving Smart was made recently,
when an investigation instituted by
some of the directors and stockholders
of the company showed that there was
an apparent shortage in the accounts
of the company of \$200,000. Smart,
who was the virtual manager of the
company, was asked to resign. It was
claimed that the greater part of the
alleged shortage was used to secure
municipal legislation favorable to the
welfare of the company.
Carried Off Mrs. Cox's Jewels.
Cincinnati, April 8. — Information
has leaked out in police circles that
while they were sojourning in New
York recently Mr. and Mrs. George
B. Cox of this city were victims of
sneak thieves, and that the light-
fingered crooks carried off a large
number of jewels and ornaments be-
longing to Mrs. Cox, valued at \$35,000.
Although the jewels were stolen over
two weeks ago and the police of Cin-
cinnati and New York have been
working assiduously on the case, they
have, it is said, so far failed to find
the slightest trace of the treasures.
Mr. and Mrs. Cox were stopping at the
Knickerbocker hotel.
Posse Attacks Gypsies.
Bellefontaine, O., April 8.—There
was an exciting fight between a band
of gypsies and officers and civilians
near here. The fight occurred at
a large camp of the nomads, who came
from Brazil. A. E. DeWeese was an-
noyed by the gypsies and reported to
the officers. Officers with a posse of
farmers charged the large camp, and
although they were repulsed in the
first attack by a volley of stones and
the sight of drawn revolvers, they ral-
lied and drove the gypsies to flight.
Swallowed Strychnine.
Washington C. H., O., April 8.—
Officer David Barber drove up to the
city prison with the dead body of
Richard Waples sitting upright in the
seat. Barber had arrested Waples for
wife-beating. Shortly after starting
for the jail Waples swallowed a dose
of strychnine and died without the
officer knowing it, although he stop-
ped at a house and obtained a dose
of camphor for Waples when he first
complained of being ill.
Burned to Death in Her Room.
Columbus, O., April 8.—Mrs. Helen
O'Neil, who came here recently from
Denver, Colo., was burned to death in
her room at a boarding house on West
Main street. She is supposed to have
fallen in an epileptic fit, her clothing
being ignited by the flames from a gas
stove as she fell. She was uncon-
scious when found and died later from
her burns. She is said to have a hus-
band and child at Wellston, O.
No Trace of the Men.
Toledo, O., April 8. — A report
reached the police to the effect that
two men drowned in the bay near the
Casino through the capsizing of a fish-
ing boat. The watchman at the Ca-
sino reported seeing a skiff, in which
two men were pulling nets, overturn
and disappear. No trace of the men or
boat could be found.
William Hamilton.
Sandusky, O., April 8.—William
Hamilton, 71, who as clerk of the
Island Queen is credited with having
been one of five men who during the
civil war refused papers of release to
700 Confederate prisoners held on
Johnson's island, is dead.

Here Are the Facts About the Greatest Sale of Furniture and Carpets Newark Has Ever Witnessed

Weigh well every word in the above caption—AND HOLD US TO IT!

We say the greatest sale of "House Furnishings Newark has ever witnessed." Furthermore, we declare mere words not strong enough to characterize this remarkable sale. Coming at this time when the house cleaning season is upon us it transcends everything that has gone before.

Now, we'll tell you the facts in the case. We're going to make some extensive changes in our Furniture Department. We are going to put it on a par with the rest of the store. Close out all pieces that have been on the floor more than one season; close out makes we have decided to discontinue—all odd pieces, etc., regardless of cost—every piece of furniture in the store has received a new selling price, and in every case from 10 to 50 PER CENT LOWER THAN REGULAR PRICE.

IF YOU COME THIS WEEK WE CAN PROMISE YOU SOME STARTLING PRICES AND EXCEPTIONAL SAVINGS. We give a few items to illustrate.

JUDGE BRISTER ADDRESSES BOYS

GIVES FRIENDLY ADMONITION
TO GOOD AUDIENCE SUNDAY
AFTERNOON.

Opportunities Are Before Boys to
"Prepare Themselves for Man-
hood and Citizenship."

Some sixty or seventy small boys
of the city gathered in Taylor Hall
last Sunday afternoon where they
were permitted to listen to a half
hour's address by Judge E. M. P.
Brister, which was full of wise coun-
sel and friendly admonition which we
trust they will all keep in mind and
make a part of their daily lives.

After a frank confession that he
felt more embarrassment than he had
ever felt in appearing before a public
audience the Judge said in part:

"The opportunities that are before
you boys to prepare yourselves for
manhood and good citizenship are al-
most without number. You not only
have the chance to attend the free
schools of the city under competent
and faithful teachers, but you have
books, magazines and newspapers of
the highest quality which you may
read and make profitable to yourselves.
"And such examples as are pre-
sented to you in history. Think of
Garfield, driving mules on the Ohio
canal, and by industry and faithfulness
becoming Brigadier-General in
the Union army and afterwards Pres-
ident of the United States! And think,
too, of Lincoln born in a lowly cabin
in Kentucky becoming the savior of
his country and one of the most illus-
trious names in history.

"You may never rise to the precise
position occupied by these men, but
there are possibilities before you that
no one can measure, if you always
prove yourselves honest and faithful.
"On the other hand, if you fail to
improve the opportunities you have
or if you fall into evil ways and habits
of any kind, you must expect to take
the consequences of your folly. You
will surely reap whatever you sow.
The farmer who fails to sow the proper
seeds in his fields or neglects the
cultivation of his crops must expect
no harvest but one of weeds and
thistles.

So if you sow the seeds of evil
while you are young, you must expect
a harvest of grief and sorrow and

ruin both in this world and the world
to come. This is the lesson I would
fain impress upon your young minds
and hearts and leave with you."

Don't think that piles can't be cured.
Thousands of obstinate cases have been
cured by Doan's Ointment. 50 cents at
any drug store.

OFFICER CHARGED THAT ALLEN TRIED TO BRIBE HIM

Saloonist Arrested in West Newark
For Offering Officer Dawson
Liquor.

Saloonist Charles Allen, who runs a
place on Union street, was placed un-
der arrest Sunday by Officer Dawson
and charged with offering the officer a
bribe. According to the story told by
Dawson, Allen tried to give him a
bottle of whiskey. The first offer was
made a few days ago and Dawson re-
ported the matter to Chief Sheridan
and asked for instructions. He was
told to bring the man to the station
house if he repeated the offer.
Sunday Dawson was on duty in the
West End and Allen, it is said, again
offered the officer a bottle of whiskey.
Officer Dawson called the patrol
wagon. Allen claims that he did not
know he was doing anything wrong.
He says that he did not know that
the officers were not allowed to drink
while on duty. He took a half hour
of the court's time Monday in his ex-
planations.

discussed and also an address from
Mr. J. D. Smith, one of our interna-
tional officers. J. T. Vance, Pres. 6-3

JOSEPH O'NEAL DIES OF INJURY

NEWARK MAN FELL UNDER THE
WHEELS OF A B. & O. TRAIN
SATURDAY.

Terribly Mangled Both Legs and Left
Arm Being Ground From
the Body.

Joseph O'Neal, who resided with
his mother, Mrs. Margaret O'Neal, 25
Poplar avenue, died at the good Sam-
ritan hospital in Zanesville, at 3
o'clock Sunday morning as a result of
the injuries received when he fell un-
der a freight train on which he was
riding on the B. & O. railroad near
Norwich at 3 o'clock Saturday after-
noon.

O'Neal was riding the freight on
his way from Cambridge to Zanesville
it is said, and in some manner fell be-
neath the wheels. He was terribly
mangled, both legs and his left arm
being ground from his body. Dr.
Geyer secured an engine and caboose,
rushed the victim to Zanesville, and
he was removed to the hospital.
It was at once seen that the man's
injuries would prove fatal. His
mother was telephoned for and she
and her son J. M. O'Neal arrived
from Newark later in the evening.

He was conscious up to midnight,
from which time he sank rapidly un-
til 3 o'clock, when the spirit took its
flight. Mr. O'Neal was a railway
brakeman for several years.

The funeral took place in Zanes-
ville Monday afternoon.

Fighting in China.
Shanghai, April 8.—Trouble is
threatened at Tai Yuen, in the province
of Shansi. A large portion of the
population being of the opinion that
the Roman Catholic natives are sup-
porting what is known as the Pekin
syndicate, fights between Christians
and non-Christians are frequent. The
governor has telegraphed the foreign
office for advice.

Even the knights must have had
their off days.

The thing most talked over is the
telephone.

SNYDER AND LINKE WERE FIRST NEWARK PLAYERS TO REPORT HERE

Two Columbus Men Come in Saturday Afternoon--Other Candidates Arrive Sunday Night And Report To Manager Bob Berryhill.

"Hail, all Hail! the gang's all here!"

The baseball colony, at least the biggest part of it, arrived Sunday night and are comfortably situated at the Star hotel, formerly the Stasel house, on South Second street.

Lefty Snyder and Laddy Linke were the first players to report to Manager Berryhill, coming in Saturday afternoon about 1 o'clock. The rest came in Sunday night from Indianapolis, this western squad numbering six players.

JIM PIERCE, Candidate for infield position. He would make a good monologue man.

The bunch from the land of the setting sun included Pitcher E. E. Ascher, Catcher W. C. Pearce Jr., Infielders James Pierce, M. J. Smith and Outfielders Buford Walls and Clifford Thomas. The men were registered at the Star hotel and labeled "The Newark Baseball Club." Ascher and Pearce will be bunkmates during the training season. Pierce and Walls were assigned to rooms together and Smith and Thomas drew lots in the same apartment.

Laddy Linke and Lefty Snyder occupy the same room and Manager Berryhill is in room 20 where he can keep an eye on the rest of his men.

The Hotel Accommodations

The players are tickled to death over the accommodation provided for them at the Star. Their rooms are neat and clean and well furnished. The table fare is also first class and the players think the present baseball directors are treating them as fine as kings.

Last year every player was kicking on the accommodations and there was a general scramble after the season opened to hunt more desirable quarters.

Ascher Cultivates "Cocoanuts."

Pitcher E. E. Ascher, probably the biggest player on the list, is a happy go lucky individual. He remarked to the Advocate scribe that the people might be informed that he was in good condition, having wintered on his father's "brine and coconut" farm out in Indiana. Jim Pierce said "If I had known your father was running a coconut farm, I would have run down and secured a new nut. The squirrels have been chasing me around all winter because I was so nutty."

Thomas is a Pool Player.

Outfielder Thomas is somewhat of a pool player. He and his bunkmate, Infielder Smith, engaged in a prolonged contest in the pool room of the hostelry Monday morning. Thomas is able to "skin" everyone who is game enough to stack up against him. Smith is a well built man, being a little taller and a little heavier than

PITCHER E. E. ASCHER, A husky individual who has been wintering on his father's "cocoanut farm."

all had to put on rubber boots. Even at that we got our feet wet. That little girl surely hated to part with Smitty, and I guess we can't blame her."

Hunting the Skating Rink.

The whole Indiana bunch are crazy about skating. It seems that the craze has the whole state of Indiana in its grasp and the ball players were not immune. About the first question Pierce asked the news man was the location of the skating rink. He then tried to tip it off that he had no desire to skate; merely wanted to look on to see what style they followed in this neck of the woods. He was given the necessary directions and a word of warning and promised to visit the place tonight.

Pearce is the Goods.

"Bunnie" Pearce, the catcher signed by Manager Berryhill, stands high in the estimation of the men who know him. "When it comes to peg-

CATCHER W. C. PEARCE, "The best 'pegger' in the league," says an Indiana Man in Newark.

ging to second," remarked one of the players. "There are no better in the business. The big leagues can't even beat him out in that regard."

It was also remarked that Pearce knew a point or two about the game

and was especially strong on coaching young pitchers.

Linke Looks Good.

Laddy Linke is looking good, having gotten in a good week's work with the squad at Neil park, Columbus, and another spell with the Ohio State squad. He is feeling good and there is not a doubt that he will be at the top of the ladder this season among the O. P. pitchers. Lefty Snyder is looking better than he has ever looked at the beginning of the season. All batters in the league will say cuss words at Lefty this season for robbing them of hits.

Will Work Out Today.

The baseball squad will go to White's park this afternoon and look over the grounds. Each man has been ordered to crawl into his uniform and report at the grounds. No hard work will be indulged in as long as the weather remains cold. The players will be compelled to dress at the hotel, as the club house is not yet in operation and will not be before tomorrow afternoon.

Winters Joins Squad.

Scottie Winters has joined the baseball squad. The crack catcher will not put up at the Star hotel with the other players, but will remain at his home in Western avenue during the training season. Scottie says he understands that he is to be used as a catcher, and not on first, as was supposed.

Stoupe and Schweitzer In.

Al Schweitzer and Joe Stoupe arrived this afternoon from the north. Schweitzer has been spending considerable time at Mt. Vernon this winter, just why no one seems to be able to explain. Stoupe came in from Elyria. Both men are in excellent condition.

Kling Will Not Sign.

Chicago, April 8--Catcher Johnny Kling of the Chicago Nationals, will not sign for another season.

SNODGRASS IN GAME SATURDAY

Springfield, April 8--While the Chicago Cubs went down in defeat at the hands of the Springfield Central league the other day, the Boston Americans shut out the Babes Saturday afternoon in a seven inning game, the score being 2 to 0. Score: R. H. E. Boston 2 5 1 Springfield 0 2 0 Batteries, Boston, Pruitt and Carrigan; Springfield, Breitenstein and Snodgrass. Umpire, Burnett.

TOLEDO TOOK NAPS 11 INNINGS.

Toledo, April 8--With the thermometer down to freezing and a hurricane blowing, Toledo opened its exhibition season Saturday before an immense crowd, with the Cleveland Americans, who defeated Toledo 5 to 3, and it required 11 innings to do the trick.

Had Pokorney played cleanly on third the game would probably have gone several innings longer. Score: R. H. E. Cleveland 5 8 3 Toledo 3 4 7 Batteries, Leibhardt, Rhoades, Hess, Moore and Wakefield; Gallon, West and Edickson.

WESLEYAN WON EASILY.

The Wesleyan team applied the cleaner to the Wittenberg collegians at Delaware Saturday. Coach Rickey gave several promising youngsters an opportunity to show their worth, after he saw that the game was stowed safely away. Score: R. H. E. Wesleyan 13 7 6 Wittenberg 3 4 5 Batteries, Andrews, Goddard and Baker Cameron, Snyder and Swinehart.

Opening of Baseball Season.

New York, April 8--In the line of sports, the principal event of the week will be the real opening of the baseball season. The first scheduled games of the big leagues will be played on Thursday. The opening games in the National league will be played in New York, Boston, Cincinnati and Chicago. The American league will open the season with games at Philadelphia, Washington, St. Louis and Detroit.

Forfeits Claim.

Sydney, April 8--George Towns, the Australian oarsman, has forfeited his claim to the world's sculling championship to his brother Charles, who has been challenged by Webb of New Zealand.

No Scoring.

Columbus, O., April 8--The Boston Americans and the Columbus American association team played six innings without either side scoring, when rain stopped the play.

Toledo Defeated.

Toledo, O., April 8--Bunched hits and fast playing gave the Cleveland team of the American league a game over Toledo, of the American association. Score, 7 to 1.

East End Stars Won.

The East End Stars defeated the Young Ohio's Sunday afternoon by a score of 19 to 18. Batteries: East End, Frye, Hartup and Kreager; Ohio's, Wright, Roos and Boots. Time 2:05. Umpire, Ingle. A game between the B. & O. team and the East End team is scheduled for April 14.

A barrel of beef, a barrel of pork and a barrel of fish each weigh 200 pounds.

The force required to open an oyster is more than 900 times its own weight.

DOYLE'S USEFULNESS WILL DEPEND UPON HIS ARM.

DOYLE

New York, April 8--Doyle pitched just enough for the Hikklanders in 1906 to give promise for the present season. His first game in which he appeared against the Cleveland, was much of a success. With a curve ball that broke with a snap, and that was thrown with tantalizing baffling speed he caused the hard batters of the

SHORT SPORT NOTES FOR BUSY READERS

Curt Elston is back at Lancaster, having accepted terms with Breen.

Harry Quinn is a new infielder signed to try out at Akron.

The sale of Bert Whitney to the Williamsport team of the Tri-State league has been officially announced by Secretary Farrell in his latest bulletin.

New Castle players will report for practice Wednesday of this week. The Nocks have improved their diamond with a six inch layer of hard clay.

The Akron Press credits the following to pitcher Cecil Armstrong. The fans in Youngstown have no confidence in Wright. It is all Akron over there. That is all they talk about. They think that the Akron team is going to have a walk away. Its seems that the fellows over there have watched and talked about the Akron team more than they have their own.

"Now, I myself do not think that Youngstown will have such a fast team. Of course, they are getting a pretty stiff crowd together."

Buff Edman will take charge of the Akron pitchers today. Manager Walter says Buff's experience with the Naps in the south makes him a valuable man.

Ben Caffin of Akron has reported. He is scheduled to send all the O. P. pitchers to the woods.

Billy Smith at Lancaster, claims to have a jewel in Shortstop Garn. He says Louisville and Toledo of the A. A. circuit were both after him.

Walter East did some salve spreading in a tete-tete with his directors, at Akron Friday night. He says the rag is his without further argument.

The Southern dopists have it figured out that Roy "Utah" Castleton will be used by Clark Griffith to pay Atlanta for the use of their grounds for training purposes.

Bob Kling, the new Sharon manager, has reported at that city.

Manager Wright, Youngstown, will build his outfield defense around Curley Blount.

Lancaster and Akron have baseball squads at work. Newark is the only club, whose men are reporting to day.

Lancaster fans have gone dippy over the success of Messrs Geyer and Upp. They regret however, that both will not go back to Fairfield county. Upp will likely be retained by the Senators.

Lancaster claims to have offered \$300 for Jack Compton, through President Morton. The club owners deny that they waived their right to buy Compton and they may ask for an investigation. If Youngstown paid \$500 for the man, Lancaster has no recourse, but President Morton and Secretary Farrell consider Lancaster's refusal to pay \$500 a waiver from that club.

WHAT DAINTY LANGUAGE!

Columbus players engaged in a heated discussion as to what should be done with Thaw. Manager Clymer is credited with this sentiment:

The Cough of Consumption

Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about Ayer's Cherry Pectoral. We publish the formulae of C. Ayer & Co. of all our preparations. Lowell, Mass.

THEY LOOK GOOD IN THE TRY OUT

The baseball squad, numbering 15, took the preliminary practice this afternoon. Owing to the wet condition of Wehrle park, the men stopped across the road at Middleville park.

Fifty or seventy-five of the faithful saw some pretty practice work. The catcher, Pearce, is causing favorable comment by his throwing. Jim Pierce is doing some fast infield work and Thomas is another man who looks good.

Pitcher Ascher worked out in several positions and looks like a ball player. The old men are all looking good. Stoupe and Wratten did not get into their uniforms but worked out anyway.

Locke and Wratten Late.

Joe Locke, the old war horse, blew into town on the Shawnee local Monday. Irve Wratten also came into town Monday afternoon from Cincinnati. Pitcher L. W. Henderson has also arrived. This leaves Second Baseman Haval and Shortstop Danny Davis still out of the fold. Pitcher Webb is another man who has not yet shown up at the baseball headquarters.

ARMBRUSTERS FAIL TO COME

Two hundred fans who gathered at Idlewild Park Sunday afternoon to see the first game of the season were disappointed because the Armbrusters, who were scheduled to meet the King Co. E. O. league team, failed to show up.

Manager Fox of the King company stated that he agreed to wire the Columbus management if the grounds were too wet for playing. Regardless of this agreement, the Armbrusters would not risk the weather conditions and did not leave Columbus.

Manager Fox had a squad of eleven men in uniform on the grounds, and everything was in readiness for the game. Owing to the fact that the team from Columbus had not arrived at 2 o'clock, Manager Fox took no money from the spectators, so there was none to refund when it was announced that there would be no game.

The King company players took advantage of the delayed rain storm and got in an hour or more of good hard practice and as a result there are some sore muscles among the men today.

Another game may be arranged with the Armbrusters for a date in the near future.

BOWLING

The game of ten pins between Zanesville and Newark on the Music Hall alleys Saturday night was won by the Zanesville team by the large majority of 100 pins. Brannon and Mercer of Zanesville have left a challenge at the Music Hall alleys to Lowl any two men in Newark. Ebersole and Mack preferred five games to be rolled in each city. See manager as to terms.

Tonight the Strollers will roll Old Five.

S.S.S. PURIFIES THE BLOOD

There is no other part of our physical system upon which so much depends as upon the blood. The muscles, nerves, bones, sinews, skin, and other portions of the body are sustained, developed and enabled to perform their different duties, because they are supplied with nourishment and healthful properties through the circulation. In various ways the blood becomes contaminated and polluted. A sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, will leave the refuse and waste matter of the body to sour and form uric and other acids, which are absorbed into the blood and Rheumatism, or some itching, disfiguring skin disease is the result. Muddy, sallow complexions, eruptions, spots, pimples, etc., all show that some humor has taken root in the circulation and rendered it sour and unfit for nourishing the body. There is scarcely any disease which cannot be traced to the blood. Often the disease-tainted blood of parents is handed down to children and their lives are a continual battle against disease in some form, usually of a scrofulous nature. Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, etc., are all deep-seated blood troubles, and until this vital fluid is purified they cannot be cured. For all blood diseases S. S. S. is the best remedy ever put upon the market. This great medicine is made of roots, herbs and barks of recognized blood-purifying and building-up properties. It goes down into the circulation and removes all poisons, impurities and humors, supplies the blood with the healthful properties it needs and completely cures blood diseases of every kind. S. S. S. cures Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, etc., because it purifies the blood. Book on the blood and medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

FIRST BOER PREMIER AND SOME POSTERS OF ELECTION.

BRITISH STEAMER
LONG OVERDUE

ARRIVED AT BRITISH COLUMBIAN PORT AFTER STORMY PASSAGE.

Standard Oil Barge Announced to be Adrift and Leaking Off Cape Look Out.

Adrift and Leaking.
Norfolk, Va., April 8.—A wireless message received by an Old Dominion steamer here from the Standard Oil barge Thomas W. Lawson announced that vessel to be adrift 14 miles southeast of Cape Lookout, and leaking. The Lawson was said to be the only seven-masted schooner afloat until she was bought by the Standard Oil company and converted into an oil barge. She was being towed up the coast and broke her hawser in the storm two days ago.

Crew Rescued.
Norfolk, Va., April 8.—Ten persons, two of whom are women, were rescued from death by Captain Etheridge and his crew of lifesavers at the Nags-head (N. C.) station, when the four-masted schooner Louis Bossart was blown ashore by the heavy northeast gale that has prevailed along the Virginia-Carolina coast for the past 48 hours. The schooner was bound from New York to Wiggins, S. C., for a cargo, and was swept out of her course by the storm. She ran on the beach and was destroyed in the breakers by a coast guard from the Nags-head station.

Through a Trestle.
Christopher, Ill., April 8.—A coal train on the Illinois Central went through a trestle three miles west of here, and Engineer George McFarland and Fireman G. B. Jones were both dangerously injured. The beaking of the trestle piled the engine and four cars in a heap in the creek.

Picked Up the Crew.
New York, April 8.—Nearly every vessel that has arrived from southern ports during the last week has brought some story of marine disaster wrought by the cyclone off Hatteras during the last 10 days of March. The Bluecher, which arrived from West Indian ports, was no exception. Standing in disconsolate groups about her decks were a luckless 13, which the liner had saved from their foundering bark, the Gulfport, as the vessel was on the verge of going down. They were near starvation, as for nearly a week they had had nothing to live on except a few water-soaked biscuits.

About 23,000 persons are reported to the London police as missing every year. About one-half of them are afterward accounted for.

Perhaps the most remarkable experiment in self government that Great Britain has ever attempted with her colonies is that in the Transvaal, where the recent elections were won by the party that includes, most of the men who opposed England's forces in the field. It speaks volumes for the spirit in which the Boers have accepted the result of conflict that the utterances of General Botha, formerly the military leader, and now premier, have evoked great praise for their moderation and patriotism.

ITALIANS
In the Places Vacated by Negro Strikers at Norfolk.

Norfolk, Va., April 8.—There is little improvement in the situation caused by the strike of the longshoremen, which has seriously interfered with coastwise shipping for the past week. The Old Dominion steamer Monroe brought 200 Italians from New York to work in the places vacated by the negro strikers, and as a result the steamer Jamestown sailed for New York, leaving three vessels of the company's fleet here. One hundred Italians left New York to work on the wharves of the company here. Aided by outside labor, the Merchants' and Miners' Transportation company is working hard force at its piers, and expects to bring in enough men to fill the vacancies.

Locust, Chestnut and Oak Posts.
The Newark Lumber Co. 2-dif

Civic Federation.
New York, April 8.—The executive council of the National Civic Federation has decided on Chicago as the place and May 28, 29, 30 and 31 as the dates for holding the national conference on combinations and trusts, which was recently announced by that organization. Representative men from the various walks of life have signed the invitations, asking the appointment of delegates by governors and presidents of the commercial, manufacturing, agricultural, labor, economic, financial and laws associations.

Domestic comedy: A bachelor hounding a baby and trying to prove the ordeal a pleasure.

JOLLY TIME
Had by Speaker Cannon and Party. Arrive at New York.

New York, April 8.—"I had a jolly holiday. I enjoyed every minute and set my watch back every time I thought of it. I never felt better in my life." With this salutation Joseph G. Cannon, speaker of the house of representatives, stepped off the steamer Bluecher after a month's pleasure jaunt to the West Indies, Venezuela and Panama. With several other congressmen Speaker Cannon has been the guest of Congressman W. B. McKinley of Illinois. The party stopped at all the important points in the West Indies, Panama and Venezuela.

Aurora Paints Prevent Decay.
Aurora Paints are pure lead and linseed oil paints and will cover more surface, keep out moisture and preserve your property. Made by the Marietta Paint and Color Co., Marietta, O. Sold by Newark Paint Co., 31 West Church street, Newark, O.

Spartan White Lead. Best lead made.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

ASSASSINATED
Was General Barillas, Former President of Guatemala.

City of Mexico, April 8.—General Manuel Lizandro Barillas, ex-president of Guatemala, was assassinated as he sat in a Guadeloupe streetcar. He was on his way to supper when, as the car stopped, a young man a little over 17 years of age climbed aboard and, rushing to the general, stabbed him twice, the first blow severing the jugular vein, the second cutting his face. He died instantly. The assassin was captured. He gave his name as Jose Estrada and his home as Ocos, Guatemala.

Pittsburg in Peril.
Pittsburg, April 8.—J. W. Arras of the United States engineers corps, who has charge of building the dams in the Ohio and Allegheny rivers in this vicinity, has submitted a report to the government made public in connection with the recent flood here, in which he says Pittsburg, like Johnstown, is in danger of devastation some day by a flood, causing the loss of thousands of lives and millions of dollars' worth of property. Mr. Arras reports that when the catastrophe occurs it will come with just as little warning as did the one in the Conemaugh valley.

Millionaire Drops Dead.
New York, April 8.—Theodore D. Buhl, president of the Buhl malleable iron works of Detroit, president of the Detroit National bank and also of the firm of Parke, Davis & Company, chemical and drug manufacturers, dropped dead on the street near the Waldorf-Astoria hotel, where he had been a guest. Death was due to apoplexy. Mr. Buhl was one of a group of steel magnates, a multi-millionaire, and prominent in banking circles in the middle west and the east. The body will be sent to Detroit for interment.

Read the Advocate Want Column.

NEW QUESTIONS
FOR TEACHERS

There Are a Great Many Brain Puzzlers in the List.

MADE UP BY STATE COMMISSIONER

Examination Tests for Teachers in Elementary Schools—By Their Answers to These Questions Those Who Desire to Teach Show Whether They Are Grounded in the Rudiments of Education.

Following is the list of questions as prepared under direction of the state commissioner of public schools, and submitted at the county examination of teachers April 6 for elementary school certificates:

THEORY AND PRACTICE.

The first five questions refer to Rational Living by Henry C. King.

1. What is meant by the "voluntaristic trend" of modern psychology?
2. "Axioms are not axioms until they have been done by our muscles." How do you incorporate this principle into the teaching of geometry and physics classes?
3. Why is Matthew Arnold justified in saying that "Conduct is three-fourths of life?"
4. Why, when an improper thought comes into your mind, is it not sufficient for your power of self-control to assure yourself that you will not heed it? On the contrary, what should you do?
5. What lesson is taught by the illustration of the traveler watching other art pilgrims looking at Raphael's Sistine Madonna?
6. What is meant by reflex action? How does this principle apply to education?
7. What authorities stand behind the teacher in the enforcement of school rules and discipline?
8. Name some of the ways in which your personality will affect your school.
9. Is a teacher's general knowledge of a subject sufficient, or should she prepare separately for the individual recitation? Why?
10. Of what use to the child is play?

GRAMMAR.

Describing the storm, he told us that the wind, sprung up since night-fall, roared, with a fury he trembled to behold, round the bleak hilltop whose fir trees bent almost double, and hissing through every crevice of the shaken cottage, escaped, an angry demon, to spend its rage upon the plain below.

The first six questions refer to the selection given above.

1. What kind of a sentence is the above? What is its principal clause? Classify all of its subordinate clauses and tell what word each modifies.
2. Give the syntax of two infinitives. Write all the remaining infinitive forms of each.
3. What classes of adverbs are found? Point out the adverbs under each class.
4. Diagram or analyze that part of the sentence which precedes the word "whose."
5. Find all the different uses of the participle in the selection.
6. Parse: us, that, double, demon.
7. Give a complete classification of adjectives with examples of each class.
8. Write sentences containing: (a) an adverbial clause of time, (b) a compound participle, (c) a clause subject and predicate, (d) a prepositional phrase used independently.

ARITHMETIC.

1. A speculator bought 50 shares of stock at 80, and sold them at 88. How much did he gain, brokerage in each case being $\frac{1}{2}\%$?
2. If a horse tied to a stake by a rope 7.13 rods in length can graze upon just one acre of ground, how long should the rope be to enable him to graze upon $6\frac{1}{4}$ acres?
3. I bought land at \$30 an acre. How much, per acre, must I ask for it, that I may fall 25% from my asking price, and still make 20% on the purchase money?
4. What is the fractional difference between $\frac{1}{680}$ of a hhd. and $\frac{3}{5}$ of a pint?
5. On a bill of goods amounting to \$500, what is the difference between a discount of 30% and three successive discounts of 15%, 10% and 5%?
6. In a class examination, 165 questions were submitted to each of the 5 members; A answered 130, B 125, C 96, D 110, and E 160. What was the standing of the class?
7. Divide \$1236 into parts proportional to $\frac{2}{3}$, $\frac{3}{4}$, $\frac{4}{5}$.
8. A note of \$1000, dated April 4, 1905, was indorsed as follows: June 1, 1905, \$90; May 5, 1906, \$350. How much is due today, interest at 6%?
9. Do you believe it better for pupils to use an arithmetic with answers or without? Why?
10. Give the units of length, surface and capacity of the metric system.

ORTHOGRAPHY.

1. Define antonym, ultima, lingual, diphthong, aspirate.
2. Write five derivative words, pointing out and defining the prefixes and suffixes.
3. Give the rule of spelling govern-

ing each of the following: money, stopping, benefited, gentil.

4. Write words illustrating two sounds each for g, s, and th.

5. These words are to be pronounced by the examiner: deviate, internment, concession, gossamer, weasel, chargeable, illegible, onyx, paramount, dolorous, affidavit, nasturtium, grievance, niche, truism, bisector, euphony, boredom, millinery, peevish.

WRITING.

For this branch examiners will grade the manuscript in orthography.

PHYSIOLOGY.

1. State the difference between the veins and arteries as to (a) walls, (b) valves, (c) course of the blood.
2. Name and describe the outer and inner layers of the skin.
3. Name the different kinds of teeth in the permanent set.
4. Give the location of the atlas, femur and sternum, and state their functions in the skeleton.
5. Describe the ribs as to number, attachment and use.
6. What purpose do starchy foods serve in the body? Name five articles of food that contain starch in abundance.
7. Draw a line to represent the curve of the spinal column.
8. How is the brain protected?
9. When should cold water baths not be taken? What is the effect of hot water baths on the circulation?
10. Is alcohol to be recommended as a fat producer? Why, or why not?

UNITED STATES HISTORY AND CIVIL GOVERNMENT

1. Give a brief account of an unsuccessful attempt by the English to found a colony in North America.
2. What was the New England Confederation? How long did it exist?
3. Give the purpose and result of Braddock's expedition of 1755. What part did a future president take in the expedition?
4. Who were the leading British and Colonial generals at the beginning of the Revolution? At the close of the Revolution?
5. When and how were Washington and Oregon settled?
6. Give a short account of one of the following: The State of Franklin; Shay's Rebellion; the building of the National road.
7. Explain the formation of the state of West Virginia.
8. What purpose with regard to slavery did Lincoln express at the beginning of the Civil War? How and why did he change this purpose?
9. Explain the method of electing the president of the United States.
10. Explain the relations which have existed between the United States and Hawaii since 1893.

READING.

Examiners will conduct an oral examination in reading.

LITERATURE.

1. Why did American literature of the Colonial Period contain no writings of a light or humorous nature? Who was the first American humorist?
2. What effect did the Norman Conquest have upon the language of England?
3. Name three of Longfellow's long poems; three of his short poems; two of his prose writings; two of his translations.
4. Discuss each of the following with regard to his relation to politics: Edmund Burke; James R. Lowell.
5. What is meant by "realism" in fiction?
6. Name one American work, together with the name of its author and the department of literature to which it belongs, relating to each of the following: The Dutch in the New World; the superstitions of early New England; the American Indian; early days in California; the negro.
7. What was the nature of the experiment in which Hawthorne participated at Brook Farm? Which one of his books reveals his views with regard to this experiment?
8. What is your favorite novel? How has it helped you?
9. What is an epic poem? What great epic did John Milton write?
10. State one fact of literary interest about three of the following: Goethe, Plato, Chaucer, Thoreau, R. L. Stevenson.

GEOGRAPHY

1. What is the earth's relation to the sun? To the other planets?
2. In beginning geography how would you give the children first ideas of distance and direction?
3. Why do the largest rivers of Ohio run in a southerly direction?
4. Name the most southern point of land of South America, Asia and Africa; the most northern point of land of Europe and Australia.
5. Write of the terminuses and owner ship of the following railroads: Trans-Siberian, Canadian Pacific.
6. What are the essential features of a good harbor? Name three United States seaports that have good harbors.
7. What and where are three of the following: Westminster Abbey, The Hall of Fame, Mammoth Cave, St. Ignace Tunnel?
8. By whom was the project of a canal across Panama originally undertaken?
9. Name an island in Lake Erie; in the Irish Sea; in the English Channel; in the Black Sea; in the Gulf of St. Lawrence.
10. What are the political divisions of Central America?

Very Low Rates To Pacific Coast

Daily, March 1 to April 30, the Rock Island will sell one-way "Colonist" tickets to Pacific Coast. Good in Pullman tourist sleeping cars operated daily by the Rock Island over the

Two Best Routes

via El Paso, through New Mexico—or via Colorado and across the Salt Lake-Lucien cut-off. \$33 from Chicago; \$30 from St. Louis; \$25 from Kansas City—corresponding reduction from all points east. Daily tourist service from Chicago and St. Louis, over both routes. Dining car meals all the way.

Send quick for an illustrated tourist folder and full particulars as to rates. Write to or call on GEO. S. PENTECOST, Dist. Pass. Agent, 414 Park Bldg., PITTSBURG, PA.

MONEY TO LOAN

In Any Amount From \$10 to \$200

On Household Goods, Pianos, Horses, Buggies, Or Any Good Chattel Security.

Spring is here and you feel as though you ought to straighten up your accumulated winter bills. If you do, let us pay them off for you and you repay us in small weekly or monthly payments; or, if there is something new you desire, call and see us and we will loan you the ready money with which to pay it.

Our terms are the most liberal in the city. Call and see us and talk it over.

MRS. C. E. FINK

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Mrs. C. E. Fink, of Carnegie, Pa., writes:—Dear Mrs. Pinkham:—I wish every suffering woman would take Lydia E. Pinkham's Vegetable Compound and write to you for advice. It has done me a world of good and what it has accomplished for me I know it will do for others.

When women are troubled with Irregularities, Displacements, Ulceration, Inflammation, Backache, Nervous Prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case.

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever. In the good old-fashioned days of our grandmothers few drugs were used in medicine. They relied upon roots and herbs to cure weakness and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

Why Pay a Bill Twice?

Have you ever had to pay a bill twice? Ever been obliged to remit the second time, because the money you sent was lost or stolen en transit? You can avoid this risk when you pay by check, and a returned, cancelled check is the best form of receipt. THE NEWARK TRUST COMPANY cordially invites your checking account.

THE NEWARK TRUST CO.

Capital, 200,000.

Surplus, \$100,000

IN POLICE COURT.

Charles Watson, an old soldier, whose mind has been weakened by sickness, was sent in for safe keeping Saturday night by Officer Howard. The man is on route to Steubenville, and is without funds. He was turned over to the township trustees who helped him on his way.

Chas. Shefflin of Wheeling and S. E. Kallenbaugh of the same place, were sent in Sunday morning by Officer

Dawson on a charge of loitering. The boys were loafing in the waiting room of the Pan Handle station at 3 o'clock this morning. They claim that the officer came to them and offered them a place to sleep for the night and they accepted, only to find themselves locked up in jail. They got \$5 and costs and a stone pile sentence.

Because William Dickey, a liveryman, would not allow James H. Olney to bring whisky to his barn, Olney threatened to "get even," and Hickey had the man locked up, fearing that he might attempt to set fire to the barn. He said he did not want Olney around the place. Olney drew a fine of \$1 and costs and was sent to the stone pile. Vic Shrumm who was a familiar character in police court months ago, was charged with sleeping in the barn. Hickey told the court that Shrumm was not guilty of the charge, and he was dismissed. Shrumm has been out of the city all winter, and only returned a few days ago. He said to the court: "It seems that the police have a grudge against me, for I no sooner land in town than they lock me up, whether I have been doing anything or not."

Dam Gave Way.

El Paso, Tex., April 8.—Two women were drowned by the breaking of a reservoir dam at San Ramon, San Jalisco. A baby in the arms of one of the women was cast on the bank of the Arroyo by the water and saved.

SQUIRE ATCHERLY DROPPED DEAD IN ZANESVILLE RESTAURANT

One of Newark's Most Popular Citizens and Former Magistrate Answers Death's Sudden Summons

Had Been in His Usual Health and Went to Clay City On a Business Trip, and Died After Eating A Hearty Supper.

Squire James A. Atcherly, one of Licking county's most prominent citizens, fell dead in Morrison's restaurant, Zanesville, Sunday evening. Death was due to heart disorder, and came as a great surprise and shock to the many friends and acquaintances over the city.

Mr. Atcherly went to Zanesville on business Sunday forenoon and in the evening went to Morrison's restaurant, at 6 o'clock, for his supper. Before and during the meal hour he was apparently in his usual health. After eating heartily he arose and passed into an adjoining room where his overcoat was hanging. Within a few minutes a waiter notified Dr. Jackson, a physician who was in the eating house at the time, that Mr. Atcherly was ill. The doctor hurried to the room and as he entered, the Newark man fell to the floor. The physician at once realized that he was suffering from heart trouble, and gave him a hypodermic injection to stimulate the heart action. But it was too late, for within a very few seconds he had breathed his last.

Coroner A. H. Gorell was summoned and pronounced the verdict of heart failure. The squire was identified by means of papers found upon him and Attorney P. D. Smythe, of this city, a nephew, was notified. Mr. Smythe went to Zanesville on the first interurban car and ordered the body cared for. It was brought to this city at noon Monday over the B. & O. railroad and taken to the home, 71 North Fourth street.

There is probably no other man in Licking county who is better known than was Squire Atcherly. He has been engaged in the practice of the legal profession here for several years. He read law with Licking's oldest barrister, Col. Charles H. Kibler, and was admitted to the bar in 1870, serving six years in this city as justice of the peace, being succeeded in that office by Squire M. O. Nash. He made his home on the Elliott Whitechurch, Shrewsbury, England, January 22, 1842. In 1879 he came to America with his parents and two sisters and after remaining for about a year in New York, came west and settled to Newark. Most of his life was spent on the farm. For many years he was living on the English farm near Union Station. After that he made his home on the Elliott farm, three miles north of the city.

In 1865 he was married to Susan Elliott, a daughter of the late Benjamin Elliott of this city. To them was born one son, Benjamin Atcherly, now prominently connected with the B. & O. railroad at Pittsburg. His wife died soon after the birth of the son.

In recent years the deceased resided with his mother and sister, Miss Annie Atcherly, at 71 North Fourth street, and after the death of his mother, he continued to reside in this city until his death. His sudden death is mourned by the son and two sisters, Miss Annie Atcherly and Mrs. B. G. Smythe.

Squire Atcherly was a man of upright principles and integrity, having scores of friends throughout Licking county, and, in fact, the whole state. He was earnest and steadfast in any venture undertaken and bore the stamp of distinction in all of his demeanor. The deceased was a Democrat in politics and conducted all public duties in a way befitting a man of thorough reliability. His death is mourned by the entire community.

In the death of James R. Atcherly, better known as 'Squire Atcherly, Newark has lost a worthy citizen, society a noble and courteous gentleman, the poor and persecuted a devoted champion, and those who had the privilege of counting themselves among his friends an honest, conscientious and loyal friend. He was a lawyer of no mean ability. He was a constant reader and a profound thinker. As a justice of the peace he never had a superior. His decisions were rendered with the utmost care and ability, always following the dictates of conscience. In rendering his judgments he allowed mercy to touch the scales and turn them on the gentler side. He especially abhorred anything like intrigue or trickery in his profession. He had a large heart, and though his purse was small, yet they were both always at the service of his friends, and no needy hand was ever turned away from him empty. Those who have known him intimately from early boyhood, saw his standing among the boys was the same as it has been among men during his more mature years—that of a genial, upright and friendly companion.

When the war of the rebellion broke out, he was one of the first to join the army, and bore his breast to the bullets of the enemies of his country, in order that the Union might be preserved. He was a member of high standing in the orders, Grand Army of the Republic and Modern Woodmen of America.

For years he has kept house with his maiden sister, and as I well know his family relations have been kind, gentle and courteous and of a most loving nature.

"I'll sum up all in a word: he was a man."

—By one who deeply mourns the loss of a noble, true friend.

The funeral will be held Wednesday afternoon at 2 o'clock at the late home, Rev. T. A. Cosgrove officiating.

FIRE AT CROTON

Croton, April 8.—On Saturday a fire was discovered in the house owned by Mr. C. F. Stadden and occupied by Mr. Virgil Buell. The residence was partially destroyed and all the household goods belonging to Mr. Buell were burned. The blaze is supposed to have been caused by a defective flue and through the quick work of the firemen the residence of George Taylor, situated within ten feet of the burning building, was prevented from catching fire.

Mr. Stadden's loss will be \$1,000, with an insurance of \$800, while Mr. Buell's goods amounted to about \$500 with an insurance of \$400.

Assessors' Meeting

The assessors of the several wards and precincts of Licking county called at the Auditor's office on Monday and received their instructions and blanks from Auditor Wright. There is but little difference in the form of the tax returns except that the assessors will be required to list the name of the owner of the property on which and dog is found. This is also the year for the quadrennial enumeration, and all males of the age of 21 years will be enumerated.

The assessors, after calling at the auditor's office, called at the office of the Probate judge, and received the death and birth blanks. The judge, in giving his instructions to the assessors, emphasized the importance of getting the statistics correct.

PRESENT WEEK

Will See the End of the Famous Thaw Murder Trial.

New York, April 8.—The present week probably will see the end of the famous trial of Harry K. Thaw for the murder of Stanford White. Twelve weeks have elapsed since the case was first called, but during that time there have been several interruptions. With the report of the lunacy commission, however, and the decision of District Attorney Jerome not to carry his protest against the confirmation of the report to the appellate division of the supreme court, it now seems as if the trial has a clear road to a definite conclusion.

A RELIABLE STRENGTH CREATOR

Vinol is the latest scientific production of the greatest tonic rebuilder the world has ever known, namely, cod liver oil.

In Vinol the useless, system-clogging, nauseating oil is eliminated, and the medicinal, curative elements known to exist in the cod's liver are administered in a highly concentrated form, with tonic iron added.

This is why Vinol is so strongly recommended by physicians and guaranteed by over five thousand of the leading druggists of the United States as a body-builder and strength creator for old people, weak women, puny children, after sickness, and for all pulmonary diseases. The doctor knows what he is giving, and the patient knows what he is taking.

Our leading druggists, Frank D. Hall, says: "We sell Vinol on a guarantee that it is and will do all we claim for it, or refund money without question."

NOTE—While we are sole agents for Vinol in Newark, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Bilious? Feel heavy after dinner? Tongue coated? Bitter taste? Complexion sallow? Liver needs waking up. Doan's Regulator cures bilious attacks. 25 cents at any drug store.

RECEIVING SURVIVORS OF THE JENA.

PRESIDENT FALLIERES RECEIVING SURVIVORS OF THE JENA. FROM A. H. H. H.

A most impressive and touching figure was M. Fallieres, president of the French Republic, when he went to Toulon after the terrible accident on the battleship Jena, that cost scores of lives. The picture shows him greeting the survivors of the calamity, many of whom performed heroic deeds.
